Forty-Nine Lives Lost as Result of Collision in Atlantic Ocean.

THICK FOG HINDERS CREW FROM AFFECTING RESCUES
List of Dead Includes Six Well Known Members of Electrical Company.

Norfolk, Va., Jan. 30.—(Bearing 85 survivors of the Old Dominion liner, *Monroe* and the tragic story of the 49 more, the *Monroe* and *Miner* steamship *Nantuxet* came into port here late today. The 85 survivors brought a story of suffering and sudden death from the sea.

Baltimore, Md., Jan. 30.—To the agents of the Merchants and Miners line at Norfolk, the commander of the *Nantuxet* sent a request by wireless for clothing for 50 men and 12 women. The *Nantuxet* met with misfortune here about two years ago, when she burned and sank in the harbor near Locust Point, and one of the crew lost his life.

Norfolk, Va., Jan. 30.—Forty-nine persons went down to their deaths today when the *Monroe* and *Miner* liner *Nantuxet* sank the Old Dominion liner *Monroe*. Wireless lists furnished by Capt. Johnson of the *Monroe* returning with the survivors on the *Nantuxet* show: Lost passengers 25; crew 24; total 49. Saved passengers 30; crew 15; total 45.

The accident happened in the icy waters of the Atlantic at 10 o'clock this morning. The *Monroe* was rammed amidships practically cut in two and sank within 10 minutes, 20 miles south-west of the island.

There was a dense fog. Captain Johnson of the *Monroe* and all his officers but one were among the saved. The lost officer was second engineer Gately.

The *Nantuxet*, with her bow crushed in and otherwise damaged, was slowly scraping her way to Norfolk early today.

The *Nantuxet* was bound from Boston to Norfolk and Baltimore. The *Nantuxet* was a passenger liner which also carried freight put out of here at 7 o'clock last night on a regular New York line.

The line of the coast steamer between these two ports is comparatively new and there was no doubt that the two vessels came together, went down with only time for a few minutes to escape.

Both vessels had drifted down for the night hours before the collision. Captain Jerry of the *Monroe* and the *Nantuxet* and the slowly sinking *Nantuxet* had the deck to themselves as the *Monroe* was the only vessel in the vicinity.

Enfolded By Dense Fog. Both vessels had drifted down for the night hours before the collision. Captain Jerry of the *Monroe* and the *Nantuxet* and the slowly sinking *Nantuxet* had the deck to themselves as the *Monroe* was the only vessel in the vicinity.

RUSSIAN BRUTALLY ASSAULTED: HE MAY DIE AS A RESULT

Two Countrymen Thought to Be Assaulters Have Been Arrested.

ACCUSED MEN MAY BE CHARGED WITH MURDER
Little Hopes at Present Entertained for Recovery of Nannazief.

A brutal assault is alleged to have taken place early yesterday morning, in the neighborhood of Fraser Place, when Mike Nannazief had his head cruelly battered in, almost causing his death.

It is alleged that the men were all drinking and carousing and that an altercation arose, which resulted in the alleged assault. The two men are stated to have set upon Nannazief, got him down on the floor and started to beat and kick him about the head.

It is alleged after the assault they washed the blood from his face and propped him up on his knees and tried to make him swear that he would not inform on them. Refusing this they are alleged to have threatened to kill him.

The case has stirred up considerable interest in the Russian community, as all the parties concerned are Russians. The witnesses are being held, who are supposed to have some knowledge of the affair.

TO PREVENT WHITE GIRLS WORKING FOR ANY CELESTIALS
Toronto, Jan. 30.—The executive council of the trades and labor congress of Canada accompanied by many of the representative labor men of Ontario waited upon the cabinet minister of Ontario today to present legislation in relation to the employment of white women in the mines.

Among the legislation asked for was that the government should legislate in Ontario to prevent the employment of white women by Asiatics, and that when the vessel was in the harbor, the vessel was in the harbor, the vessel was in the harbor.

Among those who were added to the "roll of honor" yesterday was Alderman Jerry Sheppard, who subscribed \$1,000 for the newly founded *Telegraph* and *Edmonton Industrial Association*, as will be known hereafter.

President W. J. Magrath stated that several managers and proprietors of establishments in the city are out of town, and it is believed they are anxious to subscribe to the fund. For this reason active soliciting is not being carried on at the moment.

PROVISION FOR SALARY OF FIFTH COMMISSIONER
Council Passes \$5,000 in Estimates For This Purpose.

The council made considerable progress this morning in connection with the estimates and passed nine departmental estimates. The health, police, city commissioners, market, local streets and scavenging, public library, treasurer and parks. This morning the police, stores and works, and industrial commissioners' departments still to consider. The two former departments are pending a decision of policy, while the latter has been referred to the industrial committee and Commissioner Hazen for a report.

The council adjourned until Saturday morning to take up the capital estimates. The most important change made this morning from a financial standpoint was the increasing of the estimate for the city commissioners to provide for the salary of a fifth commissioner. The amount being \$5,000. The salaries of two stenographers were reduced to the old rate, as the council decided not to make any increases until all departments are equaled in March. The salaries of the industrial committee and Commissioner Hazen for a report.

McNamara Tells Aldermen Reason of Course Taken

Clarke, Driscoll, East, May, Kinney and Campbell Support the City's Executive—Sheppard, Calder and Douglas Opposed Smith Not Present at Meeting Today

Deputy Chief of Police William H. Davis was suspended from office last night by Mayor McNamara after he had failed to return to duty on certain statements made a few days ago in the daily press. The notice of suspension was delivered by Secretary English and reads as follows:

"Sir.—Pursuant to my power as mayor, as contained in section 34 of the city charter, I hereby suspend you forthwith from your duties as deputy chief of police of this city."

This action on the part of the mayor was taken on account of the statements said to have been made by Davis to the press the day following the stormy meeting of the council last Tuesday night. The particular part most objectionable was the statement:

"What is the use of working for a crowd like this?" which Davis is reported as having made.

The deputy chief was first asked by Secretary English to deny or retract the statement in writing. This he refused to do, stating that the statements made were in general conversation and not intended for publication. His course of action having been announced, the notice of suspension was then served on him by Secretary English.

The deputy chief stated that the notice came too late as he had already in the hands of the chief, his resignation taking effect several hours previous to this time and that, therefore, he was not any longer in the employ of the city. He explained that he was only staying around to clear up his office.

Mayor Makes Explanation. With a clipping in his hand and a letter from the chief of police that Deputy Chief Davis had not changed the form of his resignation which was to take effect on February 1, Mayor McNamara informed the council this morning that he had suspended Deputy Chief Davis for certain statements he was reported to have made in the daily press in reference to the city council.

After hearing several of the aldermen on the case, a motion by Alderman May and Driscoll that the action of the mayor be confirmed was carried by the council, three voting against the motion from Aldermen Douglas and Calder and Sheppard. Alderman Smith was not present.

Explaining his reasons for taking this action the mayor said that he had given the deputy chief every possible opportunity to retract the statements made and that he had made them.

JURY WILL NOT FIX RESPONSIBILITY FOR MURDER OF MINERS
Houghton, Mich., Jan. 30.—Without making a further report the special Houghton county grand jury which has been investigating cases arising out of the strike of the copper miners, was discharged yesterday by Judge O'Brien of the circuit court.

The jury refused to fix the responsibility for the murder of the three British non-union miners at Painesville, and suggested a further investigation by the sheriff's officers. Preliminary motions in the so-called strike cases were to be argued today.

During the investigation that followed the escape of the two prisoners from the city police station, yesterday afternoon, Constable Gregg was dismissed from the force by Chief Carpenter for negligence of duty. It is stated that the two prisoners, Robert Delmar and Harry Francis, had been allowed out in the corridor by Gregg, who was on duty as turnkey, and while he had then there, someone called "Turnkey" from the rear of the station a minute, thinking that the prisoners were safe enough as they were behind a locked door, and when he returned he found that the door had been forced open and the two men gone.

BURDICK BLOOD IS THE DIRECT CAUSE OF Pimples.

Pimples break out on the face and body, and it is impossible to get rid of them, unless you cleanse the blood of all its impurities.

Burdick Blood Bitters is without a doubt, the very best medicine for this purpose.

This old, and reliable medicine has been in use for nearly forty years, and has a reputation unequalled by any other preparation for removing all the impurities from the blood and banishing the pimples.

Mr. Edward Piquette, Navan Centre, Ont., writes: "One month ago my face was covered with pimples and a rash. I had tried a number of these so-called blood purifiers with no avail. Seeing an advertisement of yours in which you strongly recommended Burdick Blood Bitters, I decided to try a bottle, and after I had taken it I could see a decided change, and after using three bottles more all the pimples had completely disappeared."

HUNDREDS OF MEN TO BE EMPLOYED IF WATER GIVEN

Three Manchester Industries
Make Appeal to Works
Committee.

REPORT TO COUNCIL
ON TUESDAY EVENING

Steel, Leather and Wool Are
the Finished Products of
the Factories.

At a meeting of the public works committee held yesterday afternoon representatives from three south side industries made appeals for the extension of the waterworks to the city limits at Manchester to serve the various plants. W. G. Congdon and A. C. Todd presented the case of the Edmonton Leather and Shoe Company, W. J. Webster appeared for the Edmonton Woolen Mills and Norman L. Macdonald for the Dixon Street and Bridge Company. After hearing these gentlemen the committee adjourned and informed the delegation that their requests would be carefully considered, and a report made to the council next Tuesday night.

Commissioner Chalmers and Superintendent Turner of the waterworks department were in attendance and also the city engineer. The engineer stated that the extensions required would cost \$23,000. Mr. Chalmers said that it would be necessary for the industries represented to guarantee a revenue of \$25 a month to warrant the city putting in the service.

Petition is Presented.

The delegations presented the committee with a petition signed by 48 householders along the line of the proposed extension, who would take water if it was installed. In presenting the claims of the Edmonton Leather and Shoe Company, Congdon said that the investment now represented in the company stood at \$900 for land, \$22,000 for building and outfit, \$6,341 for machinery, and \$18,725 merchandise on hand, the total amounting to \$55,175. In the tanning factory there are now installed 50 rats with room for 30 more, while at present there are only 14 of these in use on account of the lack of water. Mr. Congdon stated that the company would be ready to put up a bond that within a year after the water is installed the company would employ 75 men, 50 of these would work in the tannery and 25 in the pack factory. He stated that the harness shop in the city was also about ready to start business at the factory in case the water is extended, and that the concern would employ from 25 to 50 men.

Water Absolutely Necessary.

Mr. Congdon said that without it would be absolutely impossible to continue business and the plant would have to be closed down. Why did you locate out there asked Alderman Driscoll? They then asked Mr. Congdon, he then replied that the location was chosen just at the city limits, served by two railroads from either of which a spur track can be operated, and concluded that the site for a factory of this nature is an ideal one. While he himself has not all his interests in the factory, Mr. Congdon said that Mr. Todd, the president of the company, had come from the north east and had invested his savings in the company, holding \$10,000 worth of the stock. If the plant is located here it will put Todd in a poorhouse as he is now too old to begin over again.

At this point Alderman Sheppard said that it appeared to him that the city instead of considering big estimates for advertising for new industries should give some relief and assistance to those industries which are already established and doing business in the city.

Mr. Todd stated that when he first visited the city he was definitely promised the facilities and ex-Mayor Armstrong told him when leaving for the east not to worry about this as they would be supplied. On his return to the city something had happened and the extensions were not authorized. Mr. Todd said that it was not a matter of speculation any more, it was a fact that stage and is now in the list of manufacturing establishments but without water he said that it could not be operated. Since the duty has been removed on leather even now the company is shipping the finished product into the state of Michigan.

In speaking for the woolen mill which has been located across the street from the leather industry, Mr. Webster said that the machinery is all in the building and that as soon as the facilities are supplied the mill will be opened up and operated. He produced his time book showing that when it was in operation on this side of the river before moving out to Manchester, from 15 to 45 men and women were employed. He said that it is an industry of interest to every farmer, that it takes their wool. Then it is of interest to the citizens as it employs a large number and produces a line of woolen goods that are needed in this country. Mr. Webster said that he is afraid to think that it is possible to ship out the wool to eastern factories or even to the old country and then ship back the woolen goods and sell them at a price that would compete with the products of his mill.

On behalf of the Dixon Street and Bridge Company, Mr. Macdonald said that it was the intention of the company to employ from 40 to 50 men at the start and this number would be increased to 150 or even more depending on the market for steel products required in the erection of steel frames of buildings, bridges, etc. He stated that other industries are figuring on locating in this subdivision if the water and power facilities are available.

A. G. Ridgway will lecture on Sunday afternoon at 4:15 o'clock in the old Presbyterian church, corner of Third and Jasper, on Imperialism. Ladies, specially invited. Colonel Saunders has kindly consented to introduce the lecturer.

G. T. P. HAS ORDERED MUCH ROLLING STOCK FOR USE NEXT YEAR
The Grand Trunk Pacific railway ordered large number of engines and coaches during 1913, including 15 locomotives which indicates the rapid expansion of the road. Forty-one of the 15 engines are of the superheater Pacific type, going to show that the company expects heavy passenger traffic through the mountains. An interesting fact is that 106 out of the 116 locomotives were made in Canada. The fifteen coaches were also built in the Dominion. Following is a list of the equipment delivered in 1913: Locomotives—41 superheated Pacific type; 15 switching; 100 Mikado. Coaches—10 second class; 15 colonials; 25 sleepers; six parlor-cars; six diners; five tourist; 10 first class; 15 express and 10 mail and express. Other cars—2,000 20-ton boxes; 1,600 40-ton boxes and 100 60-ton gondolas. Equipment to be delivered in 1914 has been ordered as follows—10 postal cars; 500 stock cars; 20 baggage cars; 67 first class coaches; 15 suburban cars; four diners; five parlor cars; five parlor cars; five second class and baggage cars; five express cars; 200 10-ton flats and 200 40-ton flats.

Missionary Institute Arranged.
K. J. Beaton, B.A., of Toronto, one of the secretaries of the missionary education movement, was in the city yesterday, making arrangements for a missionary institute to be held in Edmonton March 4, 5 and 6. The meetings will consist of mission study classes by returned missionaries and missionary experts. The movement expects to hold another interdenominational summer school in Alberta during the July of this year.

Coughing scatters germs—Stop it!
Coughing increases the irritation of the already inflamed mucous membranes and is moreover apt to carry disease to others. **Mathie's Syrup of Tar and Cod Liver Oil** promptly stops coughing, and soon, thanks to its tonic properties, effects a permanent cure. The wonderful popularity of **Mathie's Syrup of Tar and Cod Liver Oil** is specially due to its great value as a permanent lung and bronchial healer. Sold everywhere, 35c large bottles.

Ranton Moves Store.

The large stock of dry goods and furnishings at Ranton's Cash store is today being moved into the newly enlarged store one door east of the old building. Fred Lahare will put a stock of groceries in the old stand next week.

Quick Run to Fire.

No. 2 fire hall received a call at 4 o'clock Wednesday afternoon to a fire at a small shack at 365 Naughton street. It took the brigade just 30 seconds to hitch up and get away. The alarm at No. 3 hall is connected with all the alarm boxes in the city and the brigade hitch up for every call no matter where the fire may be, in order to be ready to go at any time.

Rheumatism

Muscular and nervous rheumatism, pain in the back, etc., promptly relieved. This potent, powerful oil goes straight to the seat of the trouble and drives out the disease and establishes a normal condition. The standard remedy recommended by a generation.

Dr. Thomas' Electric Oil

is accommodation for seven cells at the station and these will be put in, in the near future. Edward Young who escaped from the south side cells at the other night, spent Tuesday night at the North Edmonton station after his arrest.

Civic Association Banquet.

The North Edmonton Civic Association have made arrangements to hold a banquet on Thursday night in the Orange Hall. The committee in charge are planning an elaborate program of music and speeches, and expect about 200 to be present. Invitations are being sent to the mayor and council. Lieutenant-Governor Duley, and Attorney General Cross. The association is very well satisfied with the amount of work the city has carried out in the northern suburbs. Telephone, light and paving have all been granted wherever the need was in evidence, and a large quantity of paving is planned for this morning and afternoon.

Musical Club

The next Saturday afternoon meeting of the Women's Musical Club will be on February 7th. The members are reminded that the meetings are bi-monthly.

TRI-WEEKLY SERVICE TO VEGREVILLE MAY START NEXT WEEK

W. A. Brown, general superintendent of the Canadian Northern at Edmonton arrived in the city from Winnipeg last night. He went to Winnipeg after visiting Calgary in connection with terminals for the railway at that city and to arrange for some kind of train service from the Saskatoon and Vegreville sections. Nothing definite has been announced yet, but it is probable that a tri-weekly service will be run into the foot-hill city starting Monday next. At present trains run daily from Saskatoon and Vegreville via Camrose as far as Drumheller, where the two lines meet and the new part being brought into operation will bring Calgary into direct touch with all the other parts of the C. N. R. system.

Curling Match

A very interesting curling match took place at the Twelfth street rink on Wednesday. The challenge having been made at the luncheon of the Canadian club. The curlers were the Rev. Robert Johnston D.D., Rev. R. O. Stewart, Dr. McQueen and Colonel Edwards (skip), vs. Mr. D. S. McKenzie, Mr. Arthur Archibald, John Bule and Mr. T. M. Turnbull (skip). The game proceeded with much solemnity as might be expected until Dr. McQueen saw that the church was losing when he thought to excite the opposition into less skillful play by a profusion of cheers and whoops. Nothing daunted, however, the laymen scored a victorious game and won 9 to 2. The triumphant party have challenged the church again for Saturday afternoon and that there will be exciting play none without saving.
